

How To Transform Your Skiing Beyond Recognition!

Dear friend and fellow mountain lover,

Have you ever looked up the mountain and one person stands out from the crowd, skiing with elegance, speed and gracefulness, skiing with power and agility... and thinking quietly to yourself: "I wish I could ski like that".

Well, I am going to let you into a little secret, **NOW YOU HAVE THAT CHANCE!**

But only if you understand the time required, proven methods and progressions. Only the very best skiers in the world keep to themselves!

I would like to briefly introduce myself as it's **YOU** that we need to concentrate on.

My name is Andi Thomas originally from the UK now living here in Austria since 2001. **For the past two decades** I've been transforming peoples skiing of all ages from beginners through to advanced skiers. I hold a full International Ski Teaching Diploma through B.A.S.I. (British Association of Snowsports Instructors) one of the highest qualifications obtainable in the world.

In the past I've been privileged to have worked in many resorts around Europe, including France, Switzerland and of course at my present location here in Austria. Here in the Ski Amade region I've worked for the Hermann Maier Ski School in Flachau.

After working for many seasons for various ski schools I felt I could give a better service working independently, allowing me to devote 100% of my efforts and experience into **transforming people into not just skier's but great skier's.**

I am now working alongside Charles & Kathryn Hilton in providing private ski tuition & helping you the guest to enjoy your holiday here in Austria while at the same time improving your ski technique beyond recognition.

If you are not 100% satisfied with the service you receive from me whilst under my instruction, then I will give you a full, speedy and courteous refund, no questions asked!

That's how confident I am that my teaching techniques work!

So what service will you receive...

- ✓ **A guarantee unavailable anywhere else in the world (as far as I'm aware).**
